II. Mining and Reclamation

1. Was there any mine related activity during the past year? Yes ☒ No ☐
2. If no - what was the last year of activity? _____
3. If yes - how much ore or mineral was mined? 6400 ✓

0001

4. Briefly describe the type of work performed, volume of material moved, and any new or additional surface disturbances that occurred during the past year.

Reopen small area uphill from main pit. This area was opened by a previous operator but we closed & reclaimed it.

5. How much **additional acreage** was disturbed during the past year? 1 1/2

6. How much acreage was **reclaimed** during the past year? 1/2 acre

7. Briefly describe the reclamation work performed during the past year. This description should include methods employed, and an evaluation of the results.

sloped high walls with debris & waste from continuing operations. Some area is ready for top soil & reseeding in the spring.

8. What is the **total** disturbed acreage of entire project at years end? 6 acres

9. Briefly summarize any mining and/or reclamation plans for the upcoming year.

we have no plans to increase our disturbance we will reclaim as much as we disturb

NOTE: Section III., "Additional Information" applies only to **large mining operations**.

III. Additional Information

1. An updated surface facilities map should be attached if there have been significant changes since the previous map was submitted.
2. Any monitoring results or other reports that are required under the terms of the approved notice of intention should also be attached.

IV. Signature Requirement

I hereby certify that the foregoing is true and correct.
